## **RHODE ISLAND TAX COLLECTORS' ASSOCIATION**

### **MEETING**

**TOPIC:** **ACH** (Automatic Clearing House) Now available

A great no hassle service to offer taxpayers a quick, efficient and cost effective way to collect real estate, tangible and excise taxes. The ACH Network is a highly reliable and efficient nationwide batch-oriented electronic funds transfer system governed by the NACHA Operating Rules. Several Tax Offices have been using ACH for tax payments through vendor's software. These are transfers of taxes from checking or savings accounts to the city/town bank accounts on a monthly, quarterly or yearly basis electronically. Program will address what it is, how it is done and how it has been implemented.
